## ***8th Annual Celebration*** ***July 20-28, 2019***

### **National Moth Week 2019, July 20-28, Celebrates Nature's Unheralded Pollinators**

Moths' vital role as nature's often unheralded nighttime pollinators will be spotlighted during the 8<sup>th</sup> Annual National Moth Week, July 20-28.

[National Moth Week](#) (NMW) invites moth enthusiasts – a.k.a. “moth-ers” – of all ages and abilities to participate in this worldwide citizen science project that literally shines a light on moths, their beauty, ecological diversity and critical role in the natural world

[Free online registration](#) is open to individuals, groups, schools, parks, museums, nature centers and other organizations. Events are posted on the NMW [events map](#). This year's registration form enables events before and after NMW to be included.

Participants are invited to contribute their moth photos and observations to [NMW partner websites](#), as well as the NMW [Flickr group](#). This year, [iNaturalist.org](#), a site for sharing observations and identifications in the natural world, will feature a page for NMW.

To learn more about National Moth Week, visit [nationalmothweek.org](#), or write to [info@nationalmothweek.org](mailto:info@nationalmothweek.org).
